Information about cookies

For your convenience, our website uses cookies and similar technologies. Purpose - to adapt the website to the users' needs and to collect statistical data. Using our website means that they will be stored on your device. You can change your browser settings at any time.

Cookies (*so-called cookies*) are small text files sent by the visited website to the internet user's device (*computer, smartphone, etc.*). They do not contain any personal data.

The website uses two types of cookies: "*session*" and "*permanent*".

Session cookies are temporary files that remain on the user's device until logging out of the website or turning off the web browser. We use session cookies for technical reasons, eg to enable better navigation on the website, to allow you to adjust your preferences related to the use of the website and to remember logged in users.

Permanent cookies remain on the user's device for the time specified in the parameters of "cookies" or until they are manually deleted by the user. These cookies are stored on the user's hard drive to determine which visitors are new to the site and which visitors are coming back.

Parameters that the website places in the form of cookies: monitor resolution, encoded session hash, viewer ID, "*remember me*" option when logging in, Cookies from external websites.

The website contains cookies from the website operator's partner websites. They are subject to their own privacy policy.

Google Analytics cookies:
